-USB2.0 slot (not compatible with USB 1.1)

Package includes:

-USB 2.0 DVB-T TV tuner receiver X 1
-DVB-T portable antenna X 1
-Antenna Connector Cable X 1
-Remote Control X 1
-Software & Driver CD X 1

Important notes:

Please check your DVB-T supports from the following website: DVB Worldwide

This product requires that you use a high-gain roof antenna to enable and enjoy reliable Digital Television reception throughout the France. The portable antenna that we provide should only be used and relied on in areas where the Digital TV signal reception is optimal. (Some countries or regions can have different reception conditions, and the environment in which you are viewing can

be affected by various factors: Proximity to the Digital TV transmitter, heavy/ tall building constructions and thick walls or ceilings.) Portable or mobile Digital TV reception in cars, trains or airplanes etc. is normally not supported.
